FIRE IN STANOWICE IMPAIRS SURFACE TECHNOLOGIES SEGMENT

- No persons were harmed
- Extent of damage to property and duration of interruption to production not yet quantifiable at present

Unterheinsdorf, 27 June 2023 – Last night, a fire broke out at KAP Surface Technologies in the night from today in our plant Stanowice, Poland. Large sections of the production and storage area were affected, but no persons were harmed. The fire has been extinguished in the meantime. It is not possible to estimate at present the extent of damage to property and the consequences for production. A crisis management team has been set up.
